

CHIRON'S WAY

SACRED RIDE UNFORGETTABLE

How long has it been since you did something you'll remember for a lifetime?

Join us for a remarkable retreat in the heart of the Cascade Mountains, in the company of like hearted women, in the care of experienced guides.

Be welcomed to the land by an 18 hh giant - whose gentle shadow follows as you walk amongst the herd. There in a creek - lined meadow, you are visited by horses who are balanced and loved, who choose to approach, to inquire, sharing space with you on their own terms, in their own way .

You're on horse time now...
See your reflection in the eye of the horse.
Look closely, and know...

There is more to horses than just "the ride". Partnership over ownership. Companionship over conquest.

The power comes in connection.

There is much practical discussion about centered & balanced riding. Finding your center, your balanced core, enhances all relationships, equine & human. As Winston Churchill said, "There is something about the outside of a horse that is good for the inside of man." Horses teach us to bridge intellect & instinct. When we move away from being task-oriented & to the rewards of being in the moment, communication translates from ground work to work under saddle, and we develop as human beings as well as horse - people.

The Sacred Ride is a one of a kind opportunity to spend time with horses in reflective ground work, wilderness riding and creative activities designed to inspire.

Join us for an extraordinary experience , created just for you.

The Sacred Ride... Unforgettable.

From our 2006 Ride:

I loved watching you with the horses, how you used your body language and subtle energy to work and communicate with them, the way they each shone out as individuals and how that was testimony to the kind of relationship that you have with them.

Katannuta, Oxford, England

Just a HUGE thank you to you both for your generous spirits, in an experience that was so totally new for me. You and the horses have touched me DEEPLY and it was life changing for me.

Naomi, RN, Vancouver, BC

Date:

June 6-10, 2007

Location:

BC Horse Vacations
(250) 295-7432
ainsley@bchorsevacations.com
www.bchorsevacations.com
